

Computer Information Technology Systems Administration and Management

An Associate of Applied Science Degree Program

PROGRAM DESCRIPTION

The Systems Administration and Management Concentration focuses on the design, implementation, management and troubleshooting of computer systems. Required courses prepare students to acquire, install, configure, upgrade and secure standalone, networked and mobile systems. Areas of emphasis include Windows and Linux/Unix operating systems.

The Computer Information Technology - Systems Administration and Management concentration is accredited by the Association of Technology, Management, and Applied Engineering (ATMAE).

PMB219

8865 Norwin Ave., Suite 27

North Huntingdon, PA 15642

APPLICATION PROCEDURE

A student desiring to enroll in the Associate of Applied Science degree program in Computer Information Technology – Concentration: Systems Administration and Management must:

1. Submit the Northeast State Application for Admission to the Office of Admissions and Records.
2. Indicate Computer Information Technology – Concentration: Systems Administration and Management as the desired major on the Northeast State application form.
3. See a faculty advisor from the Computer Information Technology program prior to registering for classes.

TYPICAL PROGRAM OF STUDY

Course No.	Course Title	Credit
FALL		
CITC 1302	Introduction to Networking	3
EDUC 1030	College and Lifelong Learning	3
ENGL 1010	English Composition I	3
CITC 1010	Productivity Software and AI	3
MATH 1530	Introductory Statistics	3
SPRING		
CITC 1300	Beginning HTML and CSS	3
CITC 1301	Introduction to Programming and Logic	3
CITC 1303	Database Concepts	3
CISP 2401	AI Enhanced Microsoft Desktop Administration	3
Elective	Communication (an approved elective from the general education core)	3
FALL		
CITC 1320	A+ Hardware & Software	3
CITC 1332	UNIX/Linux Operating System	3
CITC 2320	Windows Server Administration	3
CITC 2332	User Support/Help Desk	3
HUM 2350	Technology in Society	3
SPRING		
CITC 2326	Network Security	3
CITC 2390	CIT Capstone	3
or		
CITC 2499	CO-OP/Internship IV in Computer Information Technology	4
CITC 2359	Data Center Management	3
ECON 2100	Principles of Macroeconomics	3
PHYS 1030	Survey of Physics	4
or		
PSCI 1010	Principles of Physical Science	4
Total Credit Hours		61

Additional courses may be required to overcome deficiencies in English, mathematics, and reading.

TYPICAL JOB OPPORTUNITIES

Application Software Technician: Specializes in analyzing computer operations and software responses, installing software applications, resolving user problems, and providing application training.

Microcomputer Technician: Designs and manages system compatibility between hardware interfaces and software applications and recommends version updates to improve performance.

Information Center Technician: Provides first-level support to users by resolving computer and applications problems.

PROGRAM COMPETENCIES

The graduate is competent to:

1. Apply basic business principles, math concepts, and computational skills to business and technical problems common to computer science.
2. Demonstrate standard written and spoken English, and professional conduct to effectively communicate and succeed in a business/computer setting.
3. Select and use industry and subject specific software and hardware.
4. Apply problem-solving skills appropriate for employment in a computer and information science specialty.
5. Develop, implement, troubleshoot, and operate networks, desktop and web applications, object oriented programs and scripts, and IT security as required by a computer and information science specialty.
6. Upon completion of the program, all students will demonstrate critical thinking skills for inquiry and analysis, assimilation of facts and knowledge, and problem solving.
7. Express potential to work effectively in a team environment, exhibiting qualities of professionalism, leadership, and ethical decision-making.

Northeast State Community College is part of the Tennessee Board of Regents system, Tennessee's largest higher education system, governing 40 post-secondary educational institutions with over 200 teaching locations. The TBR system includes 13 two-year colleges, 27 colleges of applied technology, and TN eCampus, providing programs to students across the state, country, and world.

Northeast State Community College does not discriminate on the basis of race, color, religion, creed, ethnic or national origin, sex, disability, age status as a protected veteran or any other class protected by Federal or State laws and regulations and by Tennessee Board of Regents policies with respect to employment, programs, and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Linda W. Calvert, Vice President for Institutional Advancement and Culture, AffAct@NortheastState.edu, P.O. Box 246, Blountville, TN 37617-0246, 423.323.0222.

Northeast State Community College's policy on nondiscrimination can be found at <https://apps.northeaststate.edu/ie/policymanual/pol.asp?p=254>.

Northeast State Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award the associate degree. Northeast State also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Northeast State Community College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).
